Ok – my people indicate the will have something by end of next week. Then our OUST in DC wants to weigh in to – they will need a little more time. I'd say we'll have something by around end of July at the latest. Is that acceptable?

Subject: RE: PREQB Draft UST Revised Regulation

Good afternoon Paul,

We don't have a deadline for EPA, the sooner the better because we are getting close to elections and if the Government change the members of the EQB Governing Board that were involve in the review and approval of our new regulation may change and that may affect the process.

Thanks.

Wilmarie – What is your deadline for EPA comments? BTW – EPA's OUST will also like to review but needs a little lead time.

Subject: PREQB Draft UST Revised Regulation

Importance: High

Good morning,

Attached for your review please find a copy of the proposed Draft UST Revised Regulation that was prepared by PREQB in order to be in compliance with the UST Federal Regulation recently approved. Once we received approval for EPA and the EQB Governing Board completes their review a public comments period will be in place.

Please let me know if you have any questions.

Thanks.
